Foodie Fractions #4

Tina is having a sleepover. She is making her special popcorn for her friends but she needs a double batch. Can you help Tina double the recipe?

Tina's brother would like some herbed popcorn, too. Can you calculate three-quarters of the recipe for her brother?

Multiply each ingredient's amount by 2 and 3/4.

Measurement	X	2		3/4		Ingredient
6			cups		cups	popcorn
2			tbsp.		tbsp.	oil
3/4			tsp.		tsp.	basil
1/2			tsp.		tsp.	oregano
2/3			tsp.		tsp.	parsley
1/4			tsp.		tsp.	dill
1/8			tsp.		tsp.	salt
